

Job Title: Automotive Technician (Petrol & Diesel Mechanic)

Location: Various Locations, Ireland (Busy Garage Network)

Salary: €40,000 per annum + Enhanced Overtime Rates

Job Type: Full-time, Permanent

Accommodation: Free Modern Accommodation Provided

Benefits: Relocation Package, Wellness Programme, Tool Allowance, and Regular Training

About the Opportunity

Are you a highly skilled mechanic looking for a rewarding career move to Ireland? We are recruiting for several of Ireland's busiest and most reputable garage networks. Our clients operate modern, high-volume workshops equipped with the latest diagnostic technology.

We are looking for technicians who are as comfortable with a laptop as they are with a wrench. In return, we offer a market-leading salary, **free housing**, and a clear path for professional development.

The Role

This is a fast-paced role designed for a mechanic who enjoys variety. You will be diagnosing and repairing a wide range of vehicles, focusing on both high-performance German brands and popular Asian models.

Key Responsibilities:

- **Advanced Diagnostics:** Using **OBD-II** and manufacturer-specific software to troubleshoot complex electrical and mechanical faults.
- **Engine & Mechanical Repair:** Full range of repairs including timing chains/belts, clutch replacements, gearbox repairs, and head gaskets.
- **Service Excellence:** Carrying out precision servicing on **Petrol and Diesel** engines to manufacturer standards.
- **Brand Expertise:** Working across a diverse fleet including **BMW, Audi, Mercedes, Hyundai, KIA, and Toyota**.
- **Quality Control:** Ensuring every vehicle leaves the bay in perfect condition, adhering to strict safety and "first-time-fix" protocols.

Candidate Requirements

- **Experience:** Minimum of **3 years professional experience** in a busy garage environment.
- **Qualifications:** Must hold a **Standard Mechanical Level 5 Qualification** (or international equivalent).
- **Tech-Savvy:** Proficiency with **OBD scanners** and computerised diagnostic machines is essential.
- **Versatility:** Proven ability to work under pressure and manage multiple jobs efficiently.
- **Brand Knowledge:** Deep familiarity with the internal combustion engines of major German and Asian manufacturers.
- **Legal:** Full clean driving license and valid right to work in Ireland.

What We Offer

We provide a premium package to ensure our technicians can focus on what they do best:

- **High Earnings:** **€40,000 base salary** with significant additional income through **paid overtime**.
- **Zero Rent:** **Free accommodation** provided for the duration of your contract, plus generous living allowances.
- **Stress-Free Move:** Full **relocation assistance**, including travel support and administrative help to get you settled.
- **Training:** Regular training sessions on the latest softwares and emerging Hybrid/EV technology.
- **Wellbeing:** A comprehensive **Wellness Programme**, employee assistance, and a positive team culture.
- **Social:** Regular **company events**, team building, and an inclusive work environment.

How to Apply

If you have the skills and the drive to work in one of Ireland's top workshops, we want to hear from you.
